APPLICATION FOR TEMPORARY FOOD PERMIT

Fee: $50.00  
Non-profit: $0

All Temporary Food Establishments serving food and/or beverages to the public on a temporary basis are required to have a Temporary Food Permit. Temporary Food Permits are valid for a maximum of two (2) consecutive weeks if you are set up at the same location/venue and serving the same menu. Please complete the permit application and return to this office no later than 14 days prior to the event. Failure to submit a completed application, including payment on time, will result in a late fee or may be denied a permit to operate at the Temporary Event altogether.

### I acknowledge the following:

- The receipt and retention of this permit depends on compliance with the CT Public Health Code Regulations 19-13-B42 and FVHD Regulations.
- I have read the attached FVHD Temporary Food Service Permit Guidelines.
- **I attest that no food will be prepared, stored, or cooked at my home.**
- In the case that this application is completed for multiple dates at the same location, I **attest that the menu offered for each of the listed dates is identical. There will be no additions or modifications to the menu without prior FVHD approval.** I am aware that if additional menu items are offered, the FVHD may require that an amended application and separate permit fee be submitted for that event.
- Failure to comply with the before mentioned may result in the revocation or the suspension of your food permit.

Itinerant Food Vendor or Temporary Food Establishment

Name of Itinerant Food Vendor/Temporary Food Establishment: __________________________

Name of Legal Owner: __________________________ Phone: __________________________

Address of Owner: __________________________ Town: __________________________

E-mail Address of Owner: __________________________

Operating as a (check one): □ Annually Permitted Itinerant Food Vendor (within FVHD)
□ Temporary Food Establishment (1–14-day temporary event with fixed location/menu)
□ Seasonal Temporary Food Permit (Up to 180 days with fixed location/menu)
□ Farmers’ Market Vendor

Base of Operation

Name of Base of Operation: __________________________

Street Address of Base of Operation: __________________________ Town: __________________________

Name of Legal Owner, Base of Operation: __________________________ Phone: __________________________

This kitchen/facility will be used for the following: (Check all that apply)
□ Cold food preparation □ Cold food storage □ Cooking or reheating □ Hot Holding
□ Cooling □ Dry Food/Supply Storage □ Solid/Liquid Waste Disposal □ Ware washing
□ Potable water supply □ Ice □ Other: __________________________

Water Supply at Base of Operation: □ Public □ Private Well (Provide recent water test analysis)

Liquid Waste Disposal at Base of Operation: □ Public Sewer □ Private Septic

□ The undersigned agrees to comply with all regulations enforced by the Farmington Valley Health District.
□ I understand that no food can be prepared, or food/food equipment stored in my home.

Signature of Itinerant Vendor/Temp Food Establishment Owner __________________________ Date __________________________

Signature of Base of Operations Owner __________________________ Date __________________________

You must attach and submit a copy of the annual permit/license AND most recent health inspection report from the applicable Health Dept/District for your Base of Operation.

Rev. Jan. 2022
FVHD TEMPORARY FOOD SERVICE PERMIT GUIDELINE

All applicants must complete an application for a Temporary Permit and submit the proposed menu and applicable payment to the FVHD at least 14 days prior to the scheduled event. Applications submitted within the 14-day window will have a late fee applied and may be subject to denial of a Temporary Permit from FVHD.

ITEMS REQUIRED AT A TEMPORARY EVENT

☐ Food contact surface Sanitizer solution (Chlorine bleach or Quaternary Ammonia)
☐ Chemical test strips (for measuring sanitizing solution)
☐ Digital thin probe thermometer
☐ Alcohol swabs (to clean/sanitizer thermometer probe)
☐ Hair restraints (hat, hairnet, etc.)
☐ Extra cooking/dispensing utensils
☐ Gloves
☐ Adequate supply of potable water
☐ Soap and paper towels
☐ Handwashing sink or temporary handwashing set up
☐ Adequate overhead protection
☐ Refuse container(s)
☐ Food temperature logs
☐ Refrigeration thermometers inside refrigeration and/or food coolers with ice
☐ Fire extinguisher (Class K required for cooking producing grease vapors)
☐ FVHD Food Handler Log Sheet

A FVHD Sanitarian may contact the applicant prior to the event to verify the information in the application and to discuss food handling procedures. The person in charge of the food booth/trailer/truck will be responsible for ensuring proper procedures are understood and followed by all on-site food workers, should be actively involved in the preparation of the food that will be served, and will be on-site for the event.

- The FVHD has the right to limit, restrict, or modify menu items offered at the temporary event and may also restrict or modify preparation methods. On-site food preparation in the food booth shall be minimal.
- Foods shall be from an approved source. Receipts and invoices shall be retained and may be requested by a FVHD Sanitarian.
- All foods must be prepared either in a licensed kitchen or on-site at the food booth/trailer/truck.
- Home cooking/preparation/canning of foods is NOT permitted.
- Food service establishments located outside of the FVHD jurisdiction applying for a temporary food permit shall submit the following:
  - A Base of Operations Form & applicable documents.
  - A Certified Food Projection Manager’s certification for the food handler overseeing food preparation on-site.
HAND WASHING

Hand washing is your first line of defense against food-borne illness. A temporary hand washing station can be used. They must have warm water in a jug or other container with a free-flowing spigot, soap, and paper towels. A waste bucket is also needed to catch the wastewater.

Remember to wash your hands for at least 20 seconds with warm water and soap. Always wash your hands prior to handling food and when working with raw foods. Also wash your hands:

✓ Before starting work
✓ After using the bathroom
✓ After coughing or sneezing
✓ After smoking or using a cell phone
✓ Whenever hands become contaminated or soiled

BARE HAND FOOT CONTACT OF READY TO EAT FOOD IS PROHIBITED

PROPER TEMPERATURES

All meat and poultry must be cooked thoroughly to their proper cooking temperatures before being served. The proper cooking temperatures are:

- Whole Roasts - 145°F (for 3 minutes)
- Ground Beef - 155°F
- Shell Eggs, Meat, Pork - 145°F
- Poultry - 165°F
- Fish/Seafood - 145°F
- Reheating food items - 165°F

Hot Foods must be held at 135°F or higher in hot holding units after cooking.

Keep cold food in the refrigerator, in coolers, or on ice at 41°F or less. During transportation, required food temperatures must be maintained. Hot food must be 135°F or higher and cold foods must be 41°F or colder.

Temperature logs are STRONGLY recommended.

CLEANING AND SANITIZING

If you are serving hazardous foods such as dairy products, eggs, poultry, seafood, beef, pork, rice, pasta, potatoes, cooked vegetables, cut melon, sprouts, gravies, sauces, and stuffing, you are required to clean and sanitize utensils, equipment, and all workstations using the three-step process listed below.

1. Wash all utensils in the 1st basin containing soap and water.
2. Rinse the utensils in the 2nd basin containing clean water.
3. Sanitize the utensils, etc., in the 3rd basin containing water and an approved food contact sanitizer (Chlorine or Quaternary Ammonia). It is important to test the third basin with chlorine or Quat test strips. The test strips should read either 50 or 100 ppm for chlorine or 200-400ppm Quat. Always read the manufacturers label for mixing and testing instructions. Test strips can be purchased from a restaurant supplier

ILL FOOD WORKERS

Ill food service workers should never be allowed to work in a food booth. These workers can easily transmit disease-causing organisms to food, drink, and items such as utensils that customers use. Ill food workers are a significant cause of foodborne illness. Any person recently having diarrhea, vomiting, fever with sore throat, jaundice, cuts or burns on hands should not be allowed to work in a food booth.

GROUND STORAGE

Food, beverages, or related items such as napkins, cups, and ice, shall not be stored on the ground because of possible insect or other contamination. You must provide tables that will elevate these items at least 12 inches off the ground.
